New York, Sept. 15.—The Tribune's Washington special, 14th, says:
A report from General Saxton, Assistant Commissioner of the Freedmen's Bureau for the States of South Carolina and Georgia, has just reached General Howard, detalling the circumstances of the murder of Captain Healy, one of his agents at Augusta, on the 2d inst. It also states that an unsuccessful attempt on the life of General Wildhas been made, and that Captain Byant, an officer of the Bureau, has been monymously notified that the will next be assassinated. Captain Healy was brutally murdered while returning from his office in the evening, by three of which would have produced almost instant death. His inanimate body was afterward mutilated with knives.

Parsons administered the oath to all the members as requested by President Johnson. The action of the Convention will be conservative, differing but little from that of Mississippi. Gov. Parsons favors action by the Convention for the admission of negro testimony before the courts; also for submitting the constitutional amendment to the people.
